

Description

This UK made range of Premium Glass heaters come in a large variety of shapes, wattages and colours. The Pegasi model is available in a square or rounded edge finish.

High quality materials have been used to design and make our top of the range Infrared Heaters. Extremely well crafted, these panels are beautiful and will add an elegant focal piece to any environment. Installation is suitable for wall installation only and they can be fixed in either vertical or horizontal arrangement.

Each heater is available in Mirror, Soft White, Black and a range of colour options. The glass is also available in a range of bespoke finishes. Contact us for more information.
